Nicole appeared in our August, 2006 issue - she was taking some time off after completing her freshman year of college. She also posed in the February, 2006 issue.

Did you like posing nude? Did it make you feel hot?

I always love posing for you guys!

What part of your body do you consider your best? Why?

I don't know what I wrote before, but after this

year it's my pussy! I have been hooking up with some beautiful guys lately and the sex is just amazing!

Do you enjoy exposing in public?

I don't flash people or anything. No free shows!

Lost your virginity at how old? Describe and rate experience.

A while ago. I barely remember it.

How often do you masturbate?

I don't need to do that anymore.

I hate / like / love giving head. Why?

I like it, but sometimes I'm tired and I just want to get on with it and fuck.

Are you a spitter or a swallower? Why?

I don't want him to finish in my mouth. Why should he have all the fun?

I hate / like / love receiving cunnilingus. Booyah!

How do you like to be fucked? How can a lover best make you cum?

There's no one way, but I want to feel all

that passion burning inside of me.
I hate / like / love anal sex. Why?
I need a lot of preparation with a toy and a lot of lube, but then I can take it okay. Once I'm over the initial shock, it feels pretty hot. But I need a guy who knows how to control himself, and put it in carefully.

Where do you like a guy to cum?
On my butt or on my chest.

Are you bi-sexual? If yes, describe your best time.

I think I am bisexual. I've had sex with a lot of girls since high school. The best was with this really pretty Asian girl I met at a party. We made out and I brought her back to my place, and we spent the whole night exploring each other's bodies. It was her first time being with a girl and I got to open up whole new world for her.

Have you ever had sex in public?
In a car, but not out in front of people.

Have you ever had more than one lover at once? Describe.

I had sex with a girl and her boyfriend. I didn't actually fuck him, but we did everything else.

What is the sluttiest thing you've ever done?

I once peed on a guy I was dating. We just wanted to experiment. He got in the tub and I got over him and did it. We both couldn't stop laughing the whole time.

What's the absolute best sex you've ever had?

I like to get totally high with sex and play my music really loud to get the energy going. I like intensity. My main exercise is sex, and I have rock-hard stomach muscles now—all just from fucking.

What kind of men do you like?

I like guys who have a brain and don't act like retarded dickheads.

What kind of women?

I like girls who can be a little soft. I don't like hard, dyke-y girls.

What's the best way for a man to pick you up?

Just be cool and let me notice you.

CHASTITY

IN THE MOOD TO PLEASE

Chastity is majoring in art history at a small college in Virginia. This is her model questionnaire as she filled it out:

Did you like posing nude? Did it make you feel hot?

Yes, it's fun getting dressed up and feeling beautiful

What part of your body do you consider your best?

I'm not too sure

Do you enjoy exposing yourself in public?

[Laughs] Yeah, sometimes.

Describe losing your virginity and rate experience.

Well, as far as being romantic, it was very good. I was really

close to the guy because we had been sweethearts for over a year. But physically it hurt a lot because his...er, "package" was very thick. Later I came to be glad of that, but I wasn't used to it at first so when he stuck it in it was really killing me. It left me with this totally wrong impression that sex for girls was awful and that you only did it out of love for a guy.

How often do you masturbate?

Um...a lot I guess. I do it right before bed.

I hate / like / love giving head. Why?

It's okay. It's nice to please someone you care about.

Are you a splitter or a swallower? Why?

Depends how much I care about the person and if I'm in the mood to please.

I hate / like / love receiving cunnilingus

Dislike, not hate. I just think it's not that great.

How do you like to be fucked? How can a lover best make you cum?

Is it lame to say I like missionary? If it's up to me, I like the sex to be gentle, taking the time to really be close and build a connection. I like to make love.

I hate / like / love anal sex. Why?

NO ANAL!!

Where do you like a guy to cum?

Stomach? I guess because it's an easy spot to clean up.

Are you bi-sexual? If yes, describe your best time with a woman.

Sort of. I think a lot of girls are really beautiful. I like kissing them if they want to, but sex isn't that great. I feel shy because a girl's competing with you in a way a guy isn't.

Have you ever had sex in public?

Yup, sort of. It was in a park. I'm not usually that bold but he was really hot for me and I'm pretty easy to pressure.

Have you ever had more than one lover at once? Describe.

I had a threesome with two girls. They were a lot more aggressive than me and they laughed at how I was like the timid baby sister. They basically just told me what to do and I did whatever they said.

Have you ever had sex with a stranger?

Um...kind of. Some people are interested in having me work in the adult film industry. I wasn't sure, so I agreed to do a kind of "audition" with a male performer in front of a director to see if I'm ready for that. It was a

pretty wild experience and I still have trouble believing I did it. I was super-nervous and it left me feeling confused about making the jump to performing on camera, so we'll see

What is the sluttiest thing you've ever done?

I guess that time, because the situation sort of led me to act more wild than I usually do. Like I let that guy finish up on my face, which is not something I ever let happen before. I understand it's not meant to be an insult or anything. It's just something that happens a lot in adult films, part of their style. But it's still kind of shock to suddenly find yourself in that position for the first time.

What's the best sex you've ever had?

Only with people I've been with for over six months or so.

What kind of men do you like?

Skinny, laid back, funny. I get big crushes on funny guys.

What kind of women?

I don't know. I like Asian women because their looks are so exotic.

What's the best way for a man to pick you up?

Honesty

I just finished high school last year and now I'm in culinary school!

I'm learning how to be a chef, which is pretty much the coolest thing you can do. I want to be on the food channel someday, with my own show, teaching people how to make cupcakes, because cupcakes are my favorite food EVER! I like licking the icing off the top before I eat the cake underneath... YUMMY!

Anyway, back when I started culinary school, we were learning how to make pancakes. I think they were just trying to teach us how to use the equipment in the kitchen, but for some reason, I just couldn't make it work! Everyone else was making these perfect fluffy pancakes and mine were all flat and lumpy!

So, the head chef asked me to stay behind so he could give me private batter lessons! After everyone left, he instructed me on the right amounts of baking soda and buttermilk, but it was like no matter how much I followed his directions, I kept getting the same horrible batter! The chef tried to fix it himself, but nothing would make it work. After an hour, we were both covered with flour and batter, and totally dejected that we couldn't make stupid PANCAKES! I started crying, because I was thinking that I'd never be able to be a chef if I couldn't even make stupid pancakes right!

Chef tried to comfort me, but that just made me cry harder, and then he kissed me! That really surprised me, but he was a really good kisser, and I was so vulnerable right then, so I kissed him back and let him touch my boobs through my apron. He had me pressed up against one of the big industrial stoves, and I could feel his hard dick through his apron! He was pushing it into me and grinding against me. He said he loved my little tits and that he had wanted to nibble on them all year. I was shocked. Nobody had ever complimented my little titties before. It was sooo sweet.

Chef got down on his knees and pulled down my pants, and he put his head up under my apron and licked my crotch! It felt so good I almost fell over, but just in time, he stood back up and turned me around so I could bend over the stove! Then, he put his fingers inside me

Jewel

they were all covered in batter and flour and they slid right in! They felt soooo good that when he took them back out, I almost started crying again, but then he took out his dick and put THAT inside me instead! He started having sex with me really hard from behind and he put both his hands inside my apron to feel my little boobs while he was slamming me into the stove. Just when it was getting really hot, he pulled his weenie out, turned me back around, and pushed me down on my knees. I looked up and saw his big cock right above my face, squirting white stuff all over me! Some got in my hair and some got in my eye and some went in my mouth. He leaned back on the counter behind him and wiped his brow off, then he stopped and looked at my face, which was still covered in jizz

"This, Jewel . " he began as he wiped cum off my face with his finger, then held it up in front of my eyes, "this is the consistency your pancake batter should be!" I wiped some off, looked at it, and immediately we both started working on the batter again. And you know what? I figured it out! Now, I make one of the meanest pancakes you'll ever eat in your life, and all because I fucked my teacher!

Shy Girl

Did you like posing nude? Did it make you feel hot?

My hands were shaking really bad when I first took my clothes off and I got the hiccups, which happens whenever I'm really nervous. Once I was naked though, I got into it.

What part of your body do you consider your best? Why?

I'd feel conceited answering that.

Do you enjoy exposing yourself in public?

Dressing sexy? I'm pretty shy. But I love receiving compliments on

my body too. So it's complicated

Lost your virginity at how old? Describe and rate experience.

Me and my first boyfriend lost our virginity together. It was over so quick that I barely had a chance to feel anything.

How often do you masturbate? What method?

I have a special little toy box, with candles and incense, under my bed. I brought my blue dildo to the shoot 'cause they asked to show how I got myself off. It was my first time doing it in front of people.

I hate / like / love giving head. Why?

I'm still not very confident about how good I am. I want to learn some techniques.

Are you a spitter or a swallower? Why?

I don't think I'd want to swallow it. Tastes bad.

I hate / like / love receiving cunnilingus. Why?

I like it when they do it gently. If they're all rough, I don't like it.

How do you like to be fucked? How can a lover best make you cum?

I'm not a very aggressive person, so I like it when the guy has the confidence to take control and let me know what he wants me to do. I sort of want to be controlled by him and for him to pin me while he puts it in. I get excited if he holds me down by the wrists while he does it, or holds my neck while he takes me from behind.

I hate / like / love anal sex. Why?

I'm really dreading it. There's just so much pressure at my school. Even the prettiest girls are doing it now. One girl told me it feels okay, but a friend said it didn't feel good at all. So I'm scared.

Where do you like a guy to cum? Describe.

Somewhere on my body. One time the guy got his cum all over my sheets and I could not let myself

sleep in that. I had to do laundry in the middle of the night.

Are you bi-sexual? Describe your best time with a woman.

A friend of mine thinks she's a lesbian. She wants to try experimenting and has pressured me to help her explore her feelings. I don't think I'm a lesbian at all, but I want to help her, so I may try some stuff with her.

Have you ever had sex in public? Describe.

One time I was having sex with a guy when his roommate bust in with a bunch of friends. They wanted to take out a drum kit he had and we just kept having sex while they did it. It was so embarrassing for me.

Have you ever had more than one lover at once? Describe.

Yes, home on winter break. A high school friend invited me to have a three-way with her boyfriend as a Christmas present to him. I did it for the experience. It was pretty wild.

Have you ever had sex with a stranger?

Well, I didn't really know that guy past the "hey" stage.

What is the sluttiest thing you've ever done?

Definitely that. I was too nervous to touch my friend, so I ended up

paying more attention to her boyfriend, even though I didn't even know him. He seemed more interested in me than her anyway, probably because I was new. We ended up with him fucking me while she sort of watched and stroked him and coaxed him on. I felt crazy slutty.

What's the absolute best sex you've ever had?

I can't measure it like that. But I love that happy feeling after good sex.

What kind of men do you like?

All kinds. Not mean or stupid guys.

What kind of women?

I don't know.

What's the best way for a man to pick you up?

I get really shy and tongue-tied around guys I like. So I guess I want a guy to understand that it doesn't mean I'm blowing him off.

100% TRUE

WILLOW and the WEDDING PARTY

THE MAID OF HONOR
TAKES ON THE
GROOM

I feel kind of bad about this one, and I'm still not sure how it all happened. Last winter I ended up having sex with my best friend's boyfriend. I know it's bad, I know! But don't worry, it gets much worse. Because he also happened to be her fiancé, and the first time we fucked was at their engagement party. Its terrible, right? I'm a terrible person. It was just an awful thing to do. And I'd like to say I felt really bad about it too, which I guess I did, sort of. Except it doesn't sound as convincing when I also admit I sucked his cock the night before the wedding. I don't know what's wrong with me! I never plan these things, they just sort of happen. I guess the truth is I've always tried to do what feels good and not overthink things. Only now am I starting to realize it's a policy that could get me in a whole lot of trouble.

Still, I don't think I'm entirely to blame. Jerry is a real leach, actually. And Andrea really wanted me to like him, so maybe she encouraged our friendship a bit too much. I mean, I really didn't like him at first. He was this short guy from Long Island, ten years older than us, who worked as an international tax lawyer. How boring is that? He had this big hooknose and a smarmy little grin where he bared all of his little teeth at once. I think he thought it was cute. My friend Andrea was this tall, beautiful, free-spirited California girl, just turned 20, like me. I really couldn't see what she saw in him.

I guess I started to like Jerry more when I found out he was a painter as well. He made mostly abstract figure paintings in gloomy golds and blues, impressive mainly in their scale; they were as tall and as wide as the wall they were stacked against in their Upper West Side apartment.

He always flirted with me, but I never thought anything of it. I wanted to believe he was just trying to get me to like him since he loved Andrea so much. For instance, he would attentively wait on me when I went to their place, asking me if I wanted anything, touching my hand as he refilled my glass and then trying to catch my eye. I would avoid looking at him, but I could really feel his stare. Anyway, he also waited on Andrea and was equally as

attentive to her.

But over time it grew more intense. Jerry would linger near me, standing a bit too close, waiting for me to look up at him. I could feel the heat of his body and his breath against my neck. I tried to act like everything was normal, but I couldn't ignore the heat that was vibrating between our bodies.

I hosted their engagement party at my place because I lived in a big open loft in Brooklyn. I decorated it with crepe paper and balloons just like at a junior high school dance, and I bought this really cute mod-style mini dress with daisies all over it. Problem was, I started drinking before anyone had even arrived. I was dating this guy Nick at the time and he was one of the first ones there. He came with a couple of his friends and they helped me set up. We shared a few drinks as well. Andrea and Jerry arrived soon after that, and we also had a drink together. By the time all the guests started arriving, I was pretty tipsy. I managed the first hour or so, running around and meeting people—even had to tell some to keep their hands off my

care at that point whose fiancé he was.

CDs. Once I had assured myself that everyone was enjoying themselves and everything was running smoothly, I asked Nick to watch over the place, because I needed to lay down.

I went into my bedroom where everyone had piled their coats on top of my bed. I couldn't really just dump them on the floor, so I decided to crawl underneath them. My plan was to just rest a bit until I sobered up and then show up again like nothing had happened. Unfortunately, I ended up dozing off. I'd only wake up when people coming in would drop their coats on me and I'd giggle a bit. They'd say, "Who's there?" and I'd respond, "Nobody in here but us coats," and totally crack up. Anyhow, after all the guests had come, it was quiet for a while and I knew I should go out and join the party again, but I was so comfortable with this big warm weight of coats on me that I just stayed there. I must have dozed off again when I felt someone slide

in next to me.

Through my warm, sleepy haze I felt a man's hand on my thigh. It felt cool and callused as it slid up between my legs. Another hand landed on my hip and worked its way around my ribs and cupped my tit. I hummed as he squeezed my breast gently and I felt him move his body up against mine. There was no mistaking the touch of a hard-on poking against my back and I squirmed against it in anticipation. Though I was still half-asleep, my pussy was getting totally wet.

"Oh Nick," I murmured, pushing my ass back at him.

"It's not Nick," he whispered in my ear. "It's Jerry."

A little twinge of shock went through me. I was amazed I couldn't distinguish my own boyfriend's touch from someone else's, and embarrassed that I'd already let myself get totally turned on by it.

I felt his hands fish his warm cock out of his pants and pull up my dress from behind. I lay stock still as he slid his super-hard rod between the bare flesh of my legs and up against the crotch of my panties.

Since I didn't do anything to stop him, he started to grind his hips against my ass, his warm shaft pressing my panties deep into my wet crotch, sending tingling waves through my body.

I had two choices: boot him out and make a scene (even though I was guilty of already enjoying it), or just say to hell with it and let this happen. This is the point where I think the whole situation was not so much my fault. I mean, what's a girl to do? I was already totally horny and my pussy was creamy wet. My body was arguing a lot louder than my mind. I kept thinking that if his hands felt so good, just imagine what his dick must feel like!

Honestly, it only took a few seconds for this to pass through my brain, 'cause I could already feel how huge his cock was and how it pulsed like an idling engine between my legs, ready to take off. By this point, his pants were pulled down to his knees and he'd shoved my dress up to my

waist. I just lay still as I felt his hand slowly slide down inside my panties and slip a finger between my pussy lips. I squeezed my eyes shut and stifled a moan as his fingers gently wedged between my wet folds, teasing me open like a little pink purse. The fat head of his cock slid against my wet slit as his fingers coaxed me open for it.

"We have to be quick," he whispered, "and quiet."

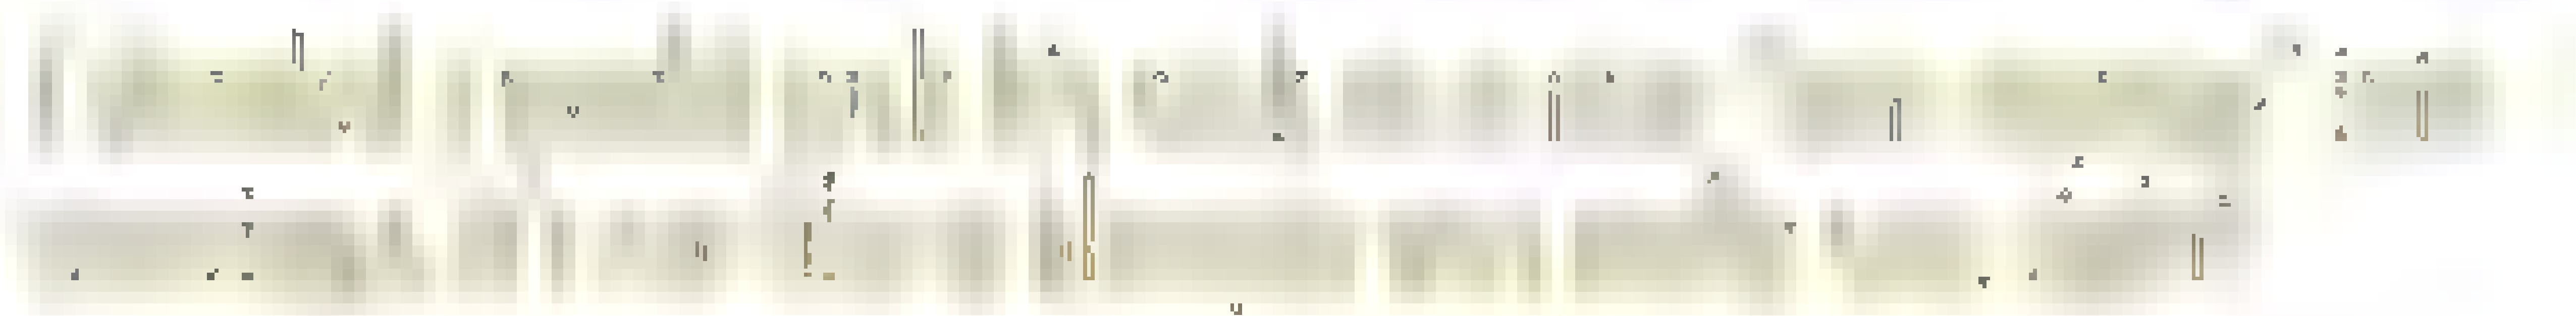

A whimper slipped out of me as I buried my face in the covers and squirmed against his cock. Though I never gave him my consent with any words, there was no hiding now how wet and ready I was. My labia was swollen and dripping, my body warm and trembling as I pushed back into him. I wanted it inside me so bad that I really didn't care at that point whose fiancé he was. Maybe part of me was actually turned on by it, the idea of secret, forbidden sex, with the engagement party going on just outside the door. It seemed depraved and dangerous. Seriously, I think there's a part of me that gets off on being bad.

He pushed my wet panties down my thighs and rolled me onto my stomach, getting on top of me. I could really tell it was Jerry now, because he was so much shorter than Nick and lighter on top of me. But despite his size, his cock was really huge and thick. (I guess I knew what Andrea saw in him now!) I felt him taking hold of it and pushing it down between my butt cheeks. I thought at first he wanted to fuck me up the ass, but he was only missing. (I may like being naughty, but no way was I doing that without any lube, not with that giant thing!) I waited impatiently as he fumbled around in the dark, until finally I reached back and grabbed the head of his cock and guided it down to my aching pussy hole. I was dying to finally have this monster inside of me.

At first it just poked against me, then with a gasp came the sudden strain of him easing the fat head in. Oh god! It hurt, but I wanted it so bad! I tilted my hips up more to give him easier access. Jerry groaned as he came sliding in, easing his whole weight down on his forearms and reaching under to grip me by the shoulders. I moaned silently into the bedspread at the

luxurious sensation of his fat shaft filling me up. Then, after slowly pulling back out, without warning he pulled me hard on the shoulders and impaled me with his amazing shaft. Fuck! My whole body shook. It was the most intense feeling of pleasure mixed with pain I'd ever felt and I actually had to bite the pillow to keep from screaming out. Then he proceeded to fuck me—not with the quiet, furtive hump I was expecting, but with a full force, furious pounding into my pussy.

It took every shred of self-control to keep myself quiet, but even so you could hear things. You could hear the *slap, slap* of his balls flopping against my ass as he pulled me onto his cock again and again. You could hear the bed creak under my body as it trembled with each hard thrust. You could hear keys jingling inside some-

one's coat pocket. You could hear Jerry moaning into my hair as he shoved his huge cock inside of me. You could hear me breathing heavier and heavier, dying to scream out how amazing it felt.

All I could think was, *This is so worth it!* I was totally not caring if we got caught by Nick or Andrea or anyone else. He was fucking me like a jackrabbit now, hard and fast until my breath was huffing through my open mouth and my face was flushed and my clit was throbbing with pressure. When I feel that kind of tingling in my clit, I know I'm going to cum any second. I reached down and just grazed it with my middle finger and felt an instant rush of release. My whole body jerked with my orgasm and sharp, bright flashes appeared beneath my eyelids. Jerry groaned as he felt my body convulse underneath him. It must have gotten him off, because just as I was riding the last wave of my own orgasm I could feel his cock swell even bigger as he readied to shoot his hot load into me. "Oh fuck! Oh, fuck!" he gasped as he pulled out at the last second, holding me down on the bed as he spewed his hot cum all over my ass and thighs.

Surprisingly, nobody outside ever seemed to notice. Without a word, Jerry

got off me and pulled up his pants. After carefully fitting his big cock back inside, he straightened himself out in front of the mirror before quickly leaving the room. I stayed there. I was really hot and sweaty, my dress gathered around my stomach, cum drying on my butt and dripping out of my pussy. I wanted to get some air but knew I shouldn't go out from under the coats. With a bunch of tissues from the bedside table, I cleaned myself off, pulled up my panties and pretended to go back to sleep.

Amazingly, we seemed to have gotten away with it. The party gradually wrapped up and, as far as I could tell, the people getting their coats and saying goodbye didn't seem the least bit suspicious. Nick stayed over, but he was pretty drunk by the end of the night and just rolled into bed and

was out. I got up early, showered, and cleaned up before he was up for breakfast.

"It was a great party," he said. "Too bad you missed it!"

"Oh, I think I got the best of it," I said, shrugging.

Andrea was the same to me, and everything seemed fine between her and Jerry when a few weeks later they flew off to San Francisco, where Andrea's family lives, to prepare for the wedding. I flew on a few days after that because I was to be her maid of honor. (How's that for irony?)

I stayed with the wedding party at her parents' ranch house. There were tons of people there, so I ended up sleeping on the couch every night. Jerry acted totally normal around me, so much that I was starting to think I'd dreamed the whole thing that happened between us. The best man was a friend of Jerry's from back in New York, an amazingly hot Latino guy named Rico. I was totally flirting with him the whole time, but he was also flirting with every woman there, including Andrea. Everyone was flirting with everyone else so it seemed really free and open and I was really enjoying myself. I had made a promise to myself that I wouldn't sleep with anyone while I was there, but Rico was

making me think I might change my mind. I didn't even care that he was flirting with the other girls too.

The night before the wedding was the rehearsal dinner, which quickly turned into the rehearsal party back at Andrea's parents' house. I made the mistake of drinking too much too early (again!) and went off to take my requisite nap. The house was full of people, so I just went to sleep on a bench in the garden.

When I woke up, I realized the party was over, and the house was dark. I went to my couch, but someone else was sleeping there. I think it was Andrea, and she must have drunk too much too, 'cause there was a bucket beside her and she didn't smell so good. I wandered around the house and was getting kind of cold, so I went into the bathroom and turned on the heater and climbed into the bathtub. Just a little bit later, Rico came in and invited me to come to the guest bedroom above the garage. He was in there with Jerry and another bridesmaid, Sarah. I eagerly accepted, thinking I might get my chance with Rico, but Sarah had already claimed him for herself.

After passing another bottle around, Sarah and Rico started making out and got down in a bed together. I sat on the floor next to Jerry, who was looking kind of wasted. But when he saw me, he got a big wicked smile on his face.

I whispered to him to settle down, because we were not going there again. There were other people in the room and it was way too risky. He said it was fine and we just started talking. But it wasn't long before we were talking about "that one time" again and both giggling about it. He told me it was one of the best fucks he'd ever had in his life and that he thought about it all the time. I felt it only right to admit I had a pretty amazing time myself. I even went so far as to tell him how much I loved his cock.

"What, this old thing?" he smiled and gripped it. You could see it kind of stirring in his dress pants. Rico and Sarah were going at it right next to us. You could hear Rico moaning and the bed starting to creak. Obviously those two didn't give a damn about what we were doing. And it's

sort of a turn on just being in the vicinity of someone having sex.

Jerry cuddled up against me and tried to kiss me. I say "try" because he was really the worst kisser ever! He would just stick his tongue in your mouth and leave it there like a dead animal. On top of which his lips were dry and his breath stank of booze.

I didn't want to make out with him anymore but decided I would suck his cock as a nice "bon voyage" into marriage. Besides, I wouldn't have to endure his kissing anymore, and it wasn't like a blowjob was really having sex, right?

I checked back behind us. You could see glimpses of Sarah's thigh with her skirt pushed up to her waist and Rico's butt sliding between her legs. They were in their own private world of sex. I turned back to Jerry and slipped my hand down between his legs and cupped his dick inside his

trousers, and he gave me a look that said I was a little bit out of control. I gave him a look back and he smiled. I put my weight down on his forearms.

pants. It wasn't really hard yet, but it started to stiffen. I unzipped his pants and fished his big thing out as Jerry pushed my head unceremoniously towards his cock. It was just barely hard but already big. I took it in my mouth to try to revive it, sucking on the warm head as I stroked the shaft in my hand. Jerry responded by pushing his pants and boxers down his hips to his ankles so he could spread his knees wide. Then I felt his hand pushing my head down into his crotch, making it pretty clear he wanted me to lick his hairy balls. Ball sucking isn't my favorite thing in the world, but I went with it. I put my tongue out and licked the soft flesh, making his whole body tremble. Encouraged, I opened my lips wide and took the whole sack into my mouth, sucking on the soft flesh. He squirmed in ecstasy. I started running my tongue up into his scrotum, getting them good and wet with my spit. After a good long time of sucking on his balls, I went back to licking up his shaft, slurping my tongue all the way up until I curled it around the tip. Then I popped the fat head in my mouth and pulled on it like a popsicle. It pulsed between my lips as I sucked it, growing big

and hard until my mouth had trouble fitting around it.

Soon Jerry's hands were at the back of my head again. He started pushing my head down on his cock, forcing me to take it deeper into my throat until I started to gag. I don't mind being a little bit dominated, but he was holding my head and wouldn't let me go. "You like that," he whispered. "You like that in your mouth?" Truth was, I was hating it and starting to really wonder what the hell I was doing. I tried to knock his hand away, but Jerry kept returning it to the back of my head and pushing me down on his cock. The spit was dripping off my chin as he fucked up into my mouth and tears started welling up in my eyes. It was all I could do to fight for breath. Only when he moaned, "Oh, I'm so close!" did I finally manage to pull off and shove him away from me.

"Go find your wife!" I said, swatting his

big, floppy cock away with my hand. Jerry winced, then smirked a bit. Without saying a word, he did as I said, pulling up his pants and shuffling off.

I know, I get no honors for having kicked him out at the last minute, but at least I was the one who had a small strike of conscience. However, to tell the truth, if I was actually enjoying it as much as I did the first time, I think I would have gone ahead and let him fuck me again. So I'm certainly no angel.

Proving that, and as an added bonus, I did get to hook up with Rico on the way back to New York. Luckily, we were on the same flight, and I finally got to join the "mile high" club.

But maybe that's for another story. When I got back from my wedding party sex vacation I was determined to try and stay faithful to my boyfriend for awhile. The whole experience kind of renewed my love for Nick, and we've been having sex like crazy. Who knows, maybe we'll get married too. My only worry is that some bridesmaid of mine will do for my fiancé what I did for Andrea's. There's just something extra tempting about forbidden fruit. 😏

I may not look like it in the cutesy girly clothes they gave me to strip out of for this photo shoot, but I'm a total hip-hop girl! I've danced in a bunch of videos for artists here in Philly, and I can shake my booty like Whoa! I like going to freestyle competitions. I like watching the guys take each other out with rhymes, yo! They're so manly, and it's so dope when they spit wicked rhymes! Word. I'm not smart enough to freestyle, but I do beat-box! I've been practicing for a while, and I can sound like a whole drum machine with my mouth! Well, it turns out that beat-boxing skills come in handy for... like .. OTHER stuff too!

One time I was at this freestyle competition, and the guy that won was a total hottie 'Super gangsta', with three bling necklaces and a flat-brim, and he took out five other guys in this battle. When he dropped the mic after his last set, I started yelling and clapping real loud. He was like, "What up, bitch? You like my rhymes?" was like, "You're the dopest!" I showed him how I beat-box, and he said that I should go home with him so he could show me some new stuff do to with my beat box. or something!

I thought he meant he'd teach me new beat-boxing styles, but it turns out he meant my other box. First, he had me practice for him, and he must have been impressed, because when I showed him this double-bass mix I'd been practicing, he smiled and took his dick out! It was really big. He said, 'Mouth like that, girl, you gotta' be able to suck a fine dick.' I never had even touched a cock in my life, especially not a fine one, but I didn't want him to think I was frontin', so I let him put it in my mouth!

I wrapped my lips around it and licked the tip inside my mouth and then puckered up and took more of it, real slowly, until I had my whole mouth and throat jammed full of it! I used my tongue and cheeks and throat, just like I do when I'm beat-boxing, and made different sounds with them all over his cock. I'd squeeze and release, and then I'd move my head back and forth in different rhythms, and this motherfucker who was an expert freestyler couldn't handle it! I think he wanted to take off my pants and get into my cooch, but after just a few minutes, I felt his big cock get way bigger — so big it hurt my jaw and I almost had to stop pulsing my tongue. Suddenly, the whole thing had a spasm, and I felt my mouth fill up with salty but sweet sticky stuff, and it was thick and warm. He took his cock out of my mouth, and I looked up at him, with my mouth still full. "Swallow that shit, girl!" he said. "What else you gonna' do with it?" didn't even know that's what it was! I told you I'm not smart enough to freestyle!

Anyway, I swallowed that nasty shit, and he gave me one of his bling necklaces, and I went home. I learned that I am a really good beat-boxer and even better cocksucker, and I think that's why they wanted me to be in TIGHT magazine, because I don't have real big boobs like pornos usually want. In fact, my titties are really small, but I like them this way. I hope they never grow too big. So, anyway, if you like hip-hop, small tits, and getting head, look me up, guys! I need more bling to look as fly as I can!

Lana appeared in September 2005 - when she was studying art, with a concentration in puppeteering(?!). This is our model questionnaire as she filled it out:

Did you like posing nude? Did it make you feel hot?

It was okay. It mostly just made me feel nervous

What part of your body do you consider your best? Why?

It's good that I'm pretty thin. I wish my tits were bigger, though.

Do you enjoy exposing yourself in public?

Like outside? No.

Lost virginity at how old? Describe and rate experience.

I was 18 and he was my boyfriend. It was sweet, but our relationship didn't last past high school.

How often do you masturbate? What method?

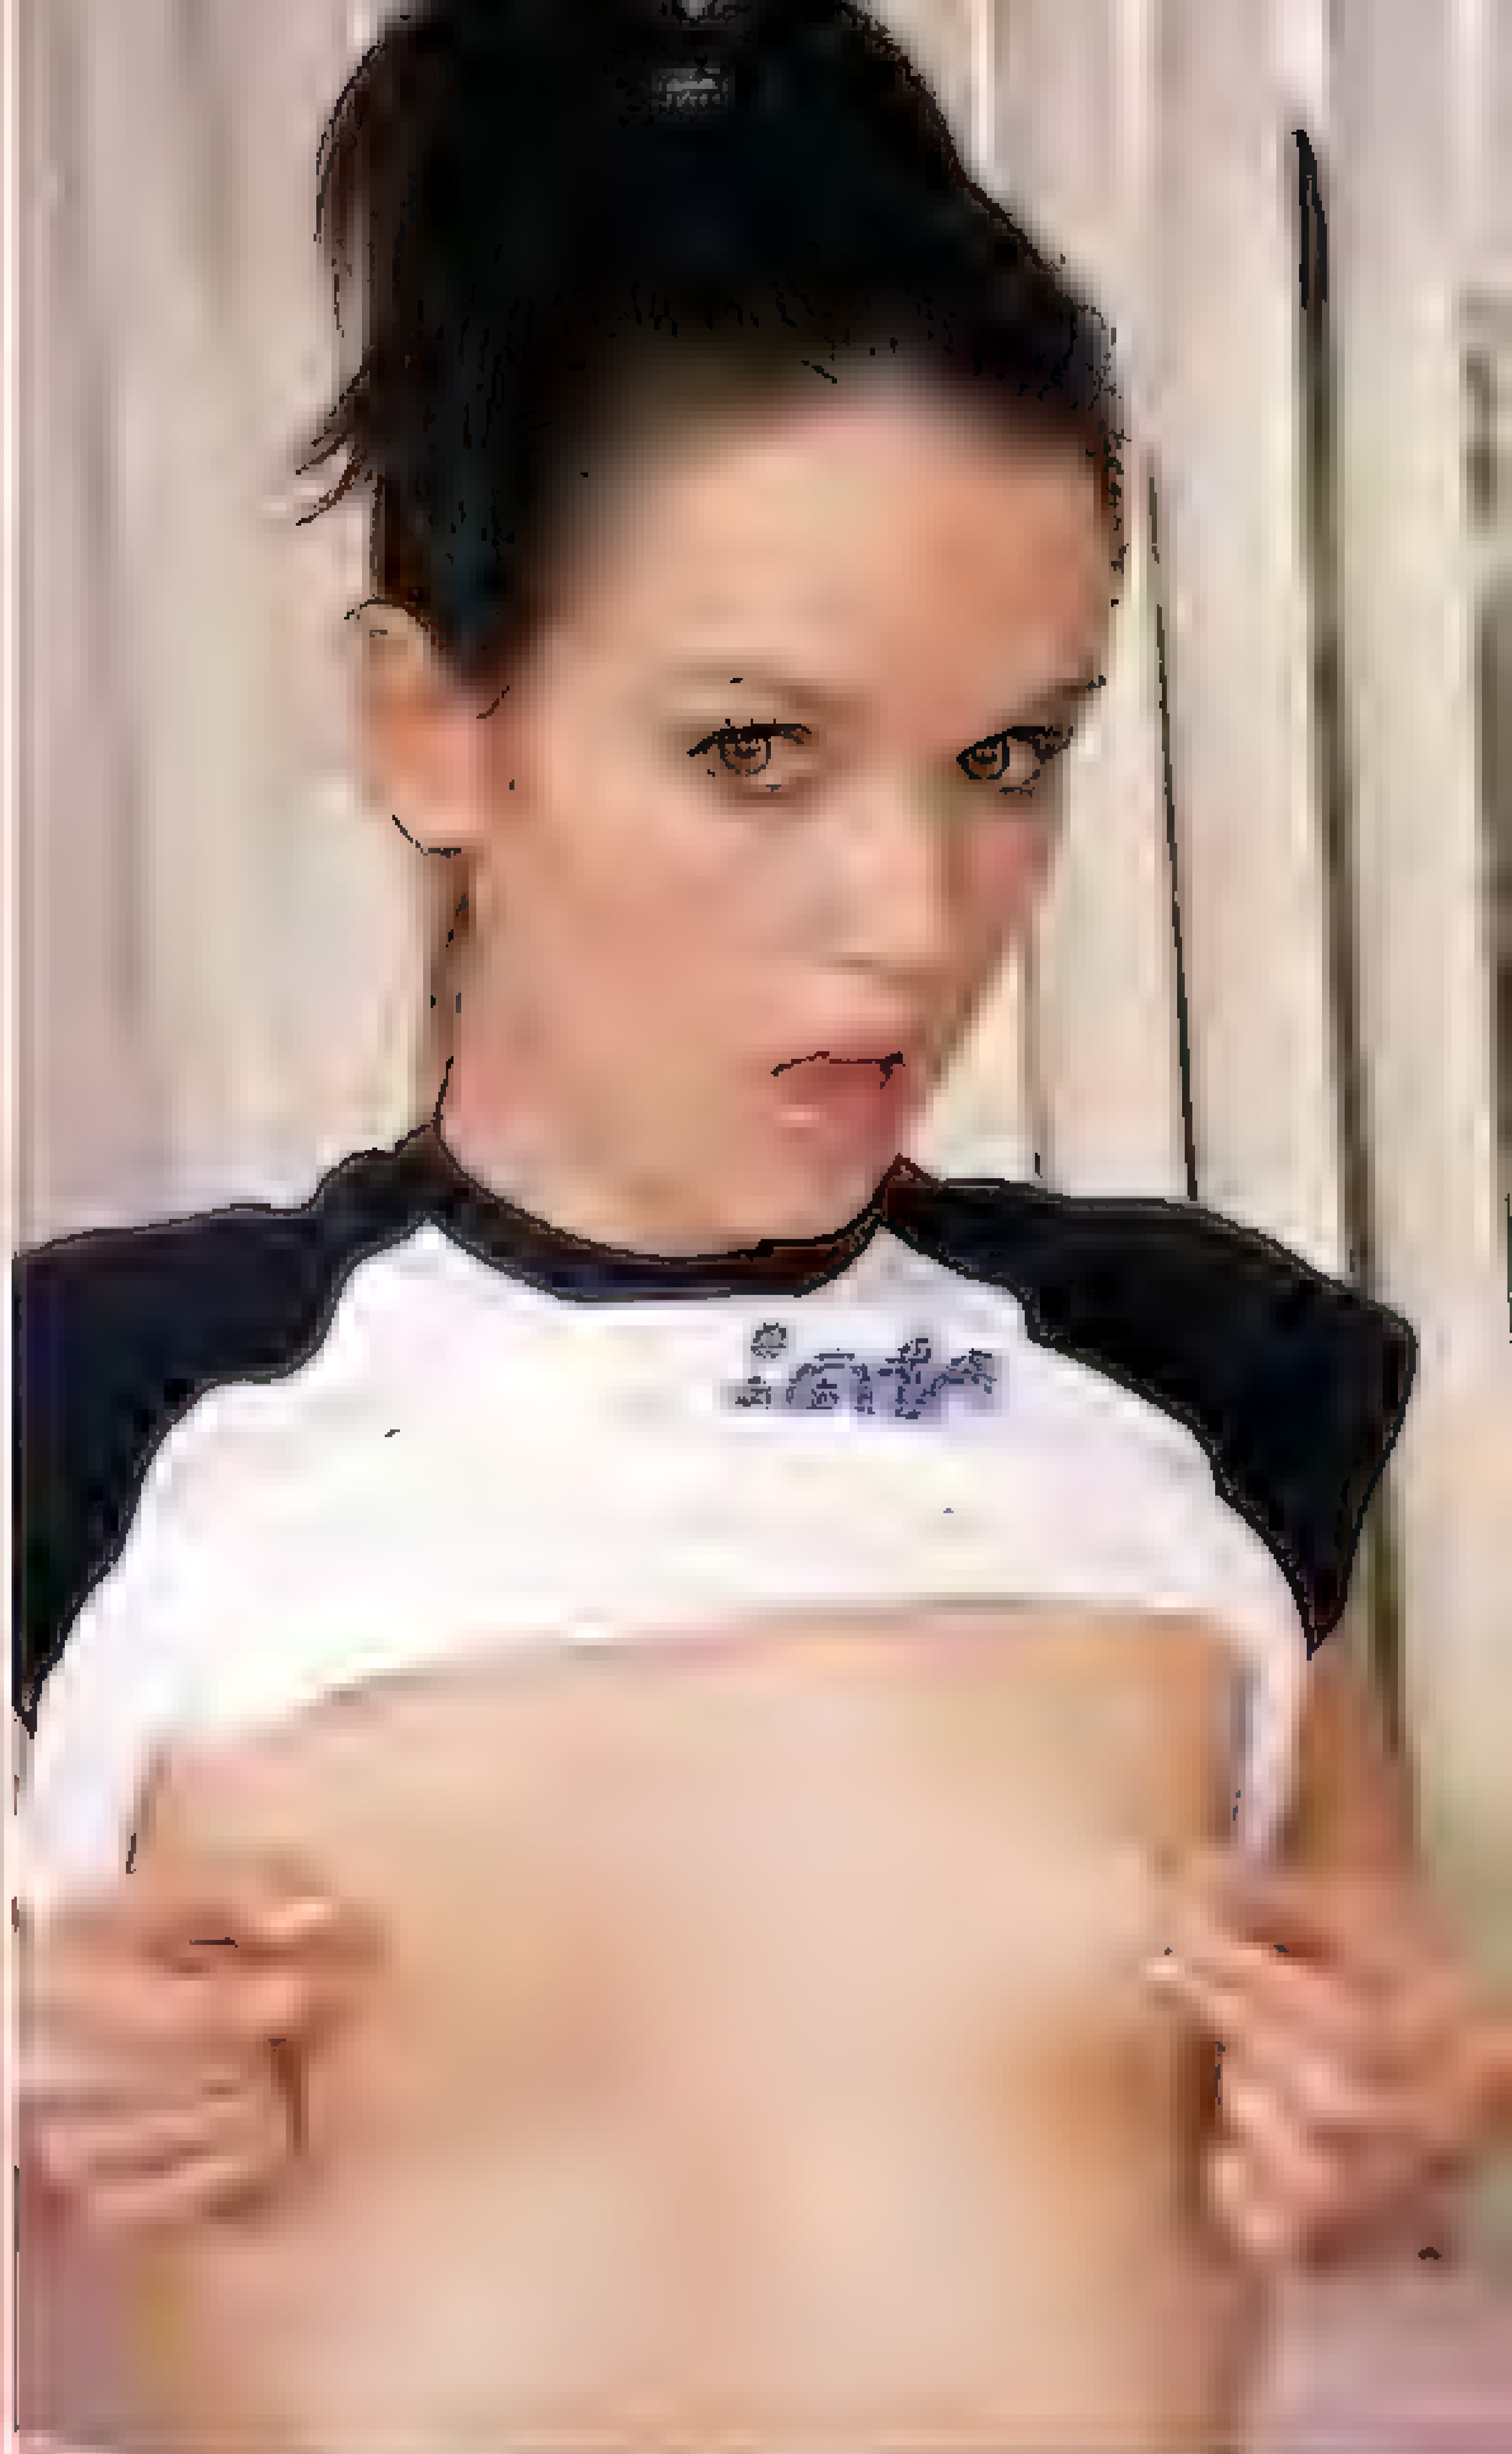

It depends

I hate / like / love giving head. Why?

Guys say I'm good at it, so I guess that means I like it. I just learned how to "deep throat" this summer. It's hard, but it takes the blowjob to a whole new level.

Are you a spitter or a swallower? Why?

That's also new. My new boyfriend wants me to swallow it. I love him so I do it. He's always so turned on when he sees me stick out my tongue and show him his cum, and then he sees me eat it.

I hate / like / love receiving cunnilingus. Why?

I like it a whole lot

What's your favorite sexual position?

On my back with my legs spread wide.

How do you like to be fucked? How can a lover best make you cum?

It's embarrassing to say this, but I actually get off the most when he fucks me really hard and sort of pretends to choke me

Do you hate / like / love anal sex? Why?

It's got to be a very controlled situation. I have to feel safe and trusting. And I've got to have the lube I like. And he's got to put it in slow and wait for me to get used to it. But if everything's right, then it can be the best fuck in the world

Where do you like a guy to cum?

I kind of like to swallow it now. It feels more like a big finish that way

2009/1509.com

Are you bi-sexual? If yes, describe your best time with a woman.

Not really. Kissed a girl once, but it was just spin the bottle

Have you ever had sex in public? Describe.

I sucked off my boyfriend in the car once. He actually came in my mouth that time, and all I had to wash out the taste was warm soda.

Ever had more than one lover at once? Describe.

Not yet.

Have you ever had sex with a stranger?

Not yet.

What is the sluttiest thing you've ever done?

Taking it up the ass always makes me feel like the dirtiest slut. I'm not saying it's bad, but that's just how I feel. It's so raunchy and wrong feeling. Using an exit as an entrance.

What's the absolute best sex you've ever had?

I don't know. There's different kinds of "best."

What kind of men do you like?

I like older guys only.

What's the best way for a man to pick you up?

Be direct. The first time I met him, my current boyfriend told me he wanted to take me home and fuck me against the wall. I was really shocked and put off, but I couldn't forget him saying it. By the end of the night, I went home with him and gave him exactly what he wanted.

Please don't tell anybody about this, cuz if my mom finds out she'll be SO fucking pissed! This has to stay a secret between just you and me, okay? Seriously.

So, my mom had this boyfriend George for a while. He's really nice, kind of quiet, and he really liked watching movies with me and my mom on the couch. My mom would paint her nails or eat popcorn or something, but me and George would sit real close together and enjoy the movie. Well, one time, we were watching some horror movie and something scary happened so I jumped closer to George, and when I looked over at him I realized he was staring at my boobs and he had a big bulge in his pants! Like, WHAT? I mean, I hardly even have any boobs, for one thing. They're teeny tiny! But, the dick was supposed to be dating my MOM!

I felt weird about it, so I said I was sick and went to my room for the rest of the night. I woke up later and saw George in my room with me! Like, he was supposed to be in my mom's room with HER, but he was standing by my bed looking at ME! So, I was like, "George, what the fuck are you doing here?" He looked all nervous. "Well, I saw you noticed my... um, arousal... earlier. I want to apologize, Nat," he said. "I just can't keep my eyes off of you and your beautiful, sprouting young breasts. They're perfect and I just want to..."

And then he reached down and grabbed my boobs through my pajamas, and squeezed them! He closed his eyes and started squeezing my tiny little boobs and making this noise in his throat. At first, I was totally freaked, but then it started to feel really good, so I lifted up my shirt and let him see my boobs. Well, that was the end of old George. It was like he couldn't handle it! He went all stiff, and then he ran out of the room yelping "Oh, oh, oh shit, owffff!"

I was like, whatever, and went back to sleep. The next night, I woke up and George was in my room again! This time I didn't even say anything. I just took off my shirt, and the next thing I know, he's straddling me and pulling his penis on my boobs and jerking it! I knew I was wrong, but it was cool to have him going crazy like that over my tiny little boobs that nobody ever looks at! Well, right then, my mom walked in. I guess she heard us from her room, and she was NOT happy to see George with his big dick on my tits like that!

Pretty soon, I was grounded and George was dumped for good. He hasn't been back to our house at all since then. But here's the secret part: sometimes, we still get together and he slaps his little dick on my boobs until he squirts his stuff all over my chest. It's kind of fun and it makes me feel really good about my tits, even though they're so small, and usually George will buy me dinner right afterward. I know if my mom finds out that I let him put his penis on my tiny pink nipples and rub it around... she'd be mad. It's not like he's my boyfriend or anything, because we're not in love and he's old, but I know she'd still be mad, so please don't tell her, okay?!

Ashley is attending college in California but has yet to declare her major. This is our model questionnaire as she filled it out:

Did you like posing nude? How did it feel?

It was a lot easier than I thought it would be. The photographer made it so easy by being totally professional and not skeezy at all.

What part of your body do you consider your best? Why?

Being blonde is a plus, because with a lot of guys it seems to get their attention

Do you enjoy exposing yourself in public?

No

Lost your virginity at how old? Describe and rate experience.

A guy I met at band camp. It was a pretty romantic

experience Afterwards I was feeling guilty since I had a boyfriend at the time, and of course I made the mistake of telling him when I got home. We broke up after that

How often do you masturbate? What method?

I don't, really. But I like when a boy masturbates me. I cum really hard that way.

I hate / like / love giving head. Why?

"Hate" is too strong but I don't like it. It makes me feel kind of like I'm doing something dirty. Guys think that same thing about us, but for them that's a turn-on for some reason

Are you a splitter or a swallower? Why?

I'm trying to be a swallower. I've totally ruined a sweater I had because I had a big cum stain on it.

I hate / like / love receiving cunnilingus. Why?

I love it because it feels good

How do you like to be fucked? How can a lover best make you cum?

Doggy-style with him kissing me on the back of my neck and ears.

Don't ask me why, but I just love it

I hate / like / love anal sex. Why?

I think anal sex is a total guy fantasy thing. I hate that girls in my school are starting to give into it, because that puts pressure on the rest of us to give in and do it too. That's my opinion, anyway

Where do you like a guy to cum? Describe.

I'm on the pill, so I like a guy to cum deep ins de me I think it's a shanng thing

Are you bi-sexual? If yes, describe your best time with a woman.

Sorry if it's bonng, but I'm not into girls

Have you ever had more than one lover at once? Describe.

Not really. I had a crush on a guy that I would think about while I was having sex with someone else, but I don't think that counts

What's your most embarrassing sexual fantasy?

Well, I have this fantasy that I get pulled over by a police-
men, and in order to stay out of trouble, I promise to do
whatever he wants. Then I go in the back seat and we do it
right by the side of the road with cars driving by. Okay, now
I guess I've told everything!

Have you ever had sex in public? Describe.

I share a dorm suite with three other girls. The walls are so
thin, everytime I have sex it's like I'm doing it in public.

Have you ever had sex with a stranger?

Yes, one time. Big regret! He was the lead singer in a
band that was playing at my school, me and my friends
partied with them after the concert. He seemed totally into

me at first, but all he wanted to do
was get into my pants. He did it to
me really rough and hard. It hurt
more than losing my virginity. And
he never even called me after.

**What is the sluttiest thing
you've ever done?**

That

**What's the best way for a man
to pick you up?**

Be a good listener. I'm a sucker
for a good listener, and if you get
me crushing on you, I'll do any-
thing you want.

It was so awesome seeing myself in TIGHT! Photo/LEGGSCOTT

Before it came out, I kept going back and forth between excitement and thinking oh-my-god will I look okay? But I was really happy how the pictures turned out, so thank you to everyone involved

The biggest change since my first photo shoot is moving into a share off-campus. I hooked up with my friend Cassidy and we got the coolest place because these friends of her mom's needed someone to live there while they work overseas. We were busting our humps for midterms, and when they were over, we decided to throw a party to celebrate. Not that huge, just some people we know and some friends-of-friends. Nothing was that except oral, except this guy named Brad came over. He's this older guy who's our neighbor that I'd kind of had my eye on.

I got him a beer, and we were talking and stuff. Then somebody put on a new CD and everyone started to dance. I was dancing with Brad and somehow we ended up outside by ourselves. Then he asked me did I want to go over to his place for a while, and we went in the back door to the kitchen.

I was sitting on the counter, and then he came up to me and we just started making out. He had his hands all over my breasts while he kissed me. He pulled off my top and started kissing them. I was making me crazy! I could feel it in my stomach, because he really knew how to touch me. He took my hand and put it on his crotch. I could feel how hard his cock was. He took it out and wrapped my fingers around it. He was sliding my hand up and down on his boner while he stared into my eyes.

Suddenly he goes, "Don't move," and a little bit of stuff dripped out the end.

He goes, "Close one!" and we both laughed because he almost came. I was waiting to see what would happen next. He wanted me to give him some head, so I got down on my knees and sucked it. He said I had a great mouth, but he really needed the real thing.

He lifted me up on the counter, and I was sitting there with my arms around his waist. He spread my legs open so he could stand between them really close. He put his finger under my chin and lifted my face up so I was looking in his eyes. He kissed me, and I could feel his other hand playing with my breasts, then exploring under my skirt and caressing my legs. He slipped his finger under my panties and started to play with my pussy. I was getting really hot. His finger was pushing around my wetness, and he pushed inside and started finger-fucking me. He pulled off the rest of my clothes then reached around and grabbed me by the ass and pulled me close. He was rubbing his cock on my wet pussy, and then he punched it inside of me. Obviously I'd been fucked before, but his was really big. I was kind of trying to pull back, but he said I could take it. He was holding onto my butt and pulling me tight against him while his cock sunk in to the hilt.

Then he lifted my legs up and started to fuck me really hard.

I don't know if it was because his cock was so fat or what, but my pussy kept feeling more and more creamy until I started to cum. I could feel myself cumming so hard, while my pussy squeezed tight around his pumping cock. He did this big exhaling thing and I could feel him cumming way inside me. I was so full of cum that it was running out of my pussy and making a puddle under my butt.

I asked him to give me some paper towels or something so I could wipe up. But he said "No use ths." and handed me my panties. Then he told me to put my wet panties back on and get dressed. We went back to the party, and I was feeling so surreal. We hung out together for the rest of the party, and every so often he'd lean over and ask me if my cummy panties were dry yet. Later we snuck upstairs and he fucked me on my little single bed with the door wide open. That was kind of sleazy, but so hot!
